Squirrel tracks in deep snow

Thursday, January 12 ... Reading the Stories Told by Animal Tracks and Signs

Many animals are secretive, avoiding people and finding food at night. Snow and mud provide a canvas for these animals' tracks and enable us to see who has been out and, often, what they were doing. Join Newton Conservators' Barbara Bates to learn what tracks and animal signs you can find in Newton's open spaces as well as in your own back yard.

Barbara is a teacher, naturalist and Newton Conservators' board member.

Support the Newton Conservators through your IRA

Individuals 70½ and older can make a tax-free gift to the Newton Conservators directly from their IRA. Please consider a gift to the Conservators from your 2022 or 2023 IRA distributions. The benefits to you include the reduction in income subject to tax, even if you don't itemize, and the amount donated counts toward the Required Minimum Distribution (RMD).

The benefits to the Conservators are immense and allow for us to continue to help preserve open space in Newton. Ask your IRA holder for a simple transfer letter or form. The Newton Conservators is a recognized 501(c)(3) organization.

— Thank you.

Newton Conservators, P.O. Box 590011, Newton, MA 02459
